Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions What does the customer do?	- Notifies daily spending - Decides to track expenses - Looks for a simple solution	- Enters daily expenses - Categorizes spending - Sets a monthly budget	- Reviews spending summary - Checks budget status - Follows saving suggestions
Touchpoint What part of the service do they interact with?	- PocketSmart AI app/site - Landing page - Sign-up / start screen	- Expense entry - Budget dashboard - Category interface	- AI insights - Budget alerts - Savings recommendations
Customer Thought What is the customer thinking?	"Can this make tracking easier?" "I need something simple." "Will it help me save?"	"Am I entering everything correctly?" "How much can I spend?" "Is my budget realistic?"	"Where am I overspending?" "What should I reduce?" "How can I save more?"
Customer Feeling What is the customer feeling?	- Curious - Hopeful - Slightly uncertain	- Engaged - More organized - Confident	- Informed - Reassured - Motivated

Process Ownership Who is in the lead on this?	• Product / Project Team • UI/UX Team	• Product / Development Team • Data / AI Team	• AI / Development Team • Project Team
Opportunities How can we improve this stage?	• Simple onboarding • Clear explanation of value • Quick first expense entry	• Fast expense entry • Simple categories • Easy budget setup	• Clear AI insights • Useful alerts • Personalized saving tips

Customer Journey Summary – POCKET SMART AI

Stage	Journey Phase	Customer Experience
Stage 1	Discover & Start	User identifies the need for easier expense tracking and begins using PocketSmart AI.
Stage 2	Track & Plan	User records expenses, categorizes spending and creates a monthly budget.
Stage 3	Analyse & Improve	User reviews AI insights, receives alerts and uses recommendations to improve saving habits.
